

SIMPLE TEXT MESSAGING FROM YOUR COMPUTER

SMS TEXTING FOR BUSINESS

**PERMANENT CONTACT LISTS
With Upgraded Functions**

Quick, Simple, & Affordable

TXTPAGE PRO is an expanded version of TxtPage Plus which provides versatility and added features, yet still retains its easy-to-use functionality. The service is designed for anyone needing to send short informative Text Messages to clients, customers, employees, patients, parents, students, members, or other recipients.

TXTPAGE PRO has taken the best features of TxtPage Plus and enhanced them and added new functions such as: drag and drop tabs and canned messages, language translation, off-line message forwarding, PI blackout, shared contact lists, group message size range selection, spreadsheet column selection for contact upload, and more. **TXTPAGE PRO** is a powerful product that enables faster, easier, more convenient Text Message communications at an affordable price.
